	APPROVAL OF STATE ENGINEER
	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to
	wing limitations and conditions: This permit is issued subject to all existing
	ghts on the source. It is understood that the amount of water her anted is only a temporary allowance and that the final water right
ob	tained under this permit will be dependent upon the amount of wate
ac	tually placed to beneficial use. It is also understood that this
<u>ri</u>	ght must allow for a reasonable lowering of the static water level
at	permittee's well-due to any other ground water development in the
<u>ar</u>	ea. A substantial weir or other type of measuring device must be
in	stalled and measurements of water use kept. The well shall be
